**WED, OCT 21, 4-5PM OR WED, OCT 28, 4-5PM**

Youth Unscripted is a virtual, after-school program for HS students who are interested in a welcoming space where young people can share their experiences, practice leadership skills and use creativity for social change. Explore social issues and community through different art forms like theater and music then create an performance piece. Youth Unscripted meets on Wednesdays, late afternoon/early evening starting November 4 and ending in late March. Participants receive a stipend at the end of the program.
